QUAKER HILL LIKE NO OTHER (US 000.1783.1042.0)

Erstmals in der Geschichte von Swissangus ist ein Top-Vererber aus der Denver- sowie Objective-Linie verfügbar, der die 163 \$ Beefvalue Marke übertrifft und dies bei guten Abkalbeeigenschaften (eine Woche kürzer als der Durchschnitt), Jährlingsgewichten über +121 und bei der Milch +32. Davon hat man in der Vergangenheit nur geträumt. Auch das Fundament der Nachkommen ist überdurchschnittlich gut. Die ersten Töchter wurden mit exzellent beurteilt und haben einen zahmen Charakter. Bisher nur exzellent beurteilte weibliche und männliche Nachkommen. Preis 85 Fr.

 Wilks Blackcap 0D82 QHF Blackcap 6E2 of 4V16 4355

Tattoo: 5Q11
 Born: 9/21/2015
 Birth Wt: 77 lbs
 Weaning Wt: 692 lbs
 Yearling Wt: 1250 lbs
 Yearling SC: 36.8 cm
 Yearling Frame: 5.9

- Black Onyx is now progeny proven to be one of the low BW, high WW sires within the Angus breed.
- His ability to be used on heifers with top 3% weaning and yearling weight makes him useful in both commercial and registered settings.
- He has proven performance genetics stacked throughout his pedigree making him a great option to add stature and style to cattle needing some elevation.

Millah Murrah LOCH UP L133 (AU 000.0001.2133.5)

Loch Up ist ein neuer Angusstier, der den Höchstpreis von 85'000 Dollar erzielte. Er vereint die besten amerikanischen und australischen Linien mit Thomas Up River und Te Mania Emperor. Er vererbt gute maternale Eigenschaften mit sehr hohen Tageszunahmen und dank verkürzter Trächtigkeitsdauer kleinere Geburtsgewichte. Preis 55 Fr..

ANGUS

29AN1955 MILLAH MURRAH KLOONEY K42 (AI) (AMF-NHF-CAF-MAF-DDF-RDF)

Klooney K42 at 15 months

Klooney sold in 2015 for \$80,000. He is the first calf of Prue H4, a beautifully made Emperor daughter claimed by some as his best. H4's subsequent four calves have sold to average \$18,000.

Klooney is doing a magnificent job across the country with many repeat semen sales. He consistently adds length, softness and style into his progeny. Impeccable structure is a feature. Klooney has been used time and again in better mating programs.

With excellent field results and breedplan calving ease in the top 8%, short gestation length-top 10%, and 98% accuracy on over a 1000 recorded progeny, cattle producers now have a sire to deliver thumping calves, that hit the ground easily and grow to have impressive weaning and yearling weights.

Klooney daughters are just into production, displaying excellent calving ease. Already a herd has reported 58 of 59 Klooney daughters calving unassisted, with just one genuine breach! Klooney daughters are moderate framed, functional young females with great udder set. Klooney reports are not limited to Australia with superb reports coming from UK, EU and NZ.

A Klooney son sold at auction last Spring for an Australian all breeds record yearling bull price of \$50,000. Klooney sons are well represented in the coming 2018 Spring bull sales and are sure to make their mark.

Klooney ranks as one of the best all round bulls in the Angus World today. He transmits peerless consistency of phenotype, backed by good CE, short gestation, solid growth, carcass and strong maternal traits. Already he ranks at number 13 on the Angus registration list and based on progeny quality is forcing his way into the "must use" category.

RED ANGUS

Red PERFECTION (IE 213.3606.1663.5)

Dalriada Red Perfection

HB No: IE221336061663
 DOB: 27.04.2017
 Breeder: Pat Meehan, Limerick, Ireland.

AA4752 **Angus**

- Red Perfection's pedigree has calving ease and performance sires throughout.
- He is an extremely quiet bull with shape and good function.
- First calves are easily born, with short gestation length and display good conformation.
- Highly recommended for dairy cows and beef heifers.

PARINGA IRON ORE (AU 000.0000.0027.2)

Einer der interessantesten Te Mania Red Angus Bullen, der für 42'000\$ gehandelt wurde.
Preis: 45 Fr.

PARINGA IRON ORE E27 (AI)

RED ANGUS

PARINGA IRON ORE E37 (AI)

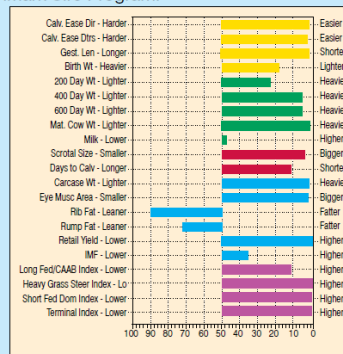

Owned by Paringa Livestock Pty Ltd and ABS Australia.

Semen Code: **29AR0246** Genetic Tests: **AMFU**
Reg. No. Angus: **HKFE27** **NHFU**
Born: **3/8/2009** **CAFU**
Birth Weight: **33 kg** **MAF**

Australian EBV and Data Giant

- Red bull from black parents, representing all the bulls that have made the Angus breed.
- 2nd biggest actual EMA scan out of 177 bulls at 16.2 sq inches.
- Ranks in the top 4% on Pfizers IMF prediction.
- Ranks in the lowest 35% on dry matter intake.
- Big scrotal circumference.
- Amazing direct calving and daughter calving ease on EBVs' and 50K.
- Entered in Angus Benchmark Sire Program.
- Semen exclusive sold to USA breeders for \$50,000.
- Semen used in EU, UK, US and South America.

Iron Ore's genetic profile is unmatched in the red breed, the bull himself is super sound, quiet and attractive. He is a real calf getter working really well as a yearling on heifers. He is tight sheathed. Iron Ore has excellent docility. First calves are consistently small and early. They are slick and vigorous with sire style and presence - (breeders quote)
